Judge from his record. Biff's best for the job.

More than ever, our prosperity in Greater New Bedford depends on the effectiveness of our legislative delegation.

To create more jobs, hold down taxes, help our young people and our elderly, we need the strongest representation we can get.

To lead and unify our delegation, we need Biff MacLean as Senator.

For 20 years, Biff has been one of the most effective legislators in the entire state. The record proves it . . . proves that Biff is the best man for the job — a good man standing up for us when we need him most.

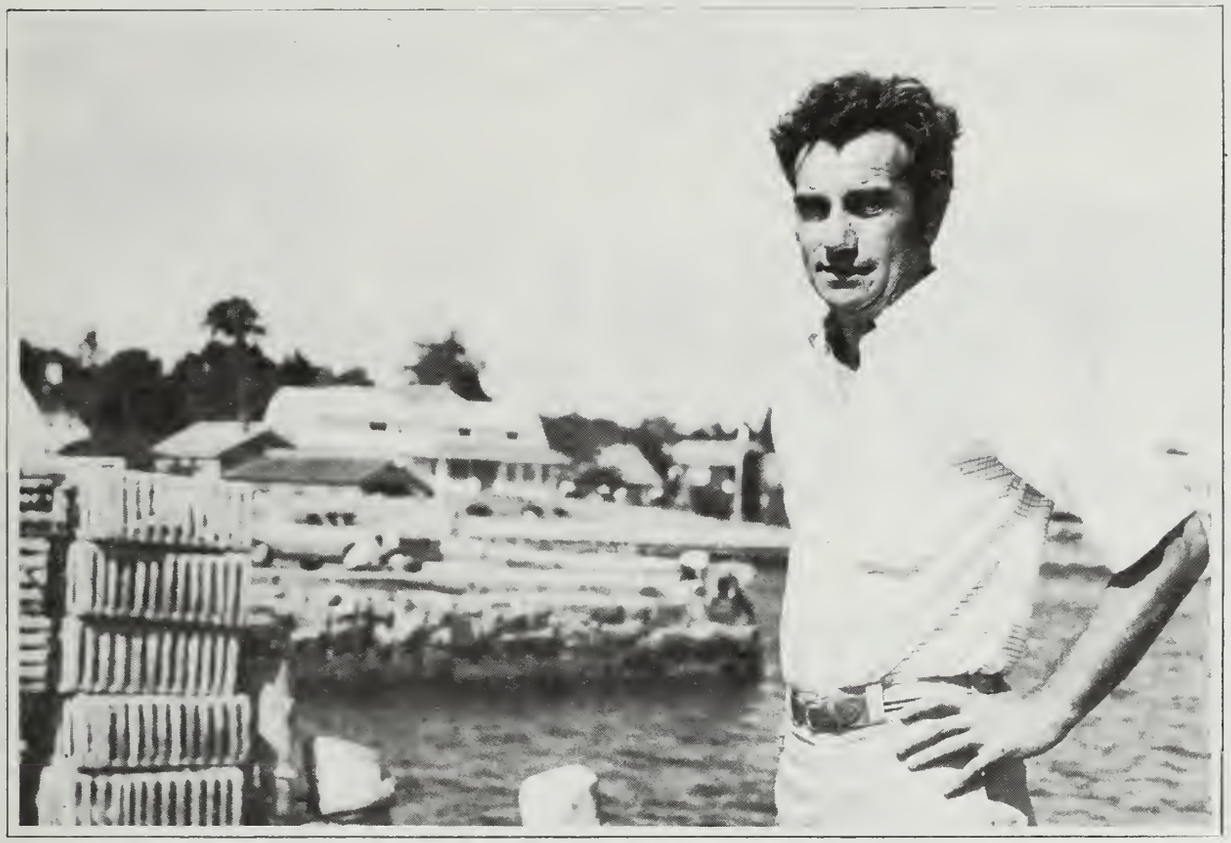
MATTAPOISETT LOTS AVAILABLE



They're beautiful towns, but can you afford to live here?

Fairhaven, Acushnet, Mattapoisett, Marion, Rochester.

We have a way of life here we couldn't buy anywhere else, even if we were rich.

But now, for the first time in our lives, we have double-digit inflation and a serious recession at the same time. And taxes continue to go up.

Under the circumstances, we need the best man we can get to represent our interests in the State House. A man who will:

- Oppose local funding for state mandated programs.
- Oppose legislation that might increase the severe tax burden on our families.
- Fight for our fair share of the State funds that are genuinely needed to reduce taxes.

Hundreds of us believe Walt Silveira is the best man. In 15 years in public office, he has convinced us that he is tough enough to hold the line on taxes, strong and smart enough to get the funds we need to protect the beauty and essential services of our towns.

We urge you to give him your vote in the Democratic primary on Sept. 16.

After all, what's the sense of having beautiful towns if we can't afford to live in them?

voted staff of instructors who provided such a splendid program of arts, crafts and games.

The arts and crafts material provided were most generous and ingenious and the children were taught many interesting ways in which to use them.

The funds provided for this program were, in my opinion, exceedingly well spent and many of the children (and their mothers) hope it will be repeated again next summer.

SATURDAY PROGRAM - SEPTEMBER 6th

The tale of the mysterious MONARCH BUTTERFLY will be the subject of the Saturday Program on September 6th. This beautiful and ubiquitous butterfly has an amazing life cycle that includes a migratory route which spans a good part of the Western Hemisphere. The Monarchs are leaving for their awesome trek south right at this time of year. The program, "Raising Monarch Butterflies", will be given by Mrs. Sally Spooner of Freetown and is adapted for children's understanding, ages 5 and up. The story from caterpillar to chrysalis to butterfly should offer an entertainingly educational afternoon for young and old. Please join us for this very special program. The program begins at 2:00 p.m. in the barn of the Museum Outdoors. There is a small charge for non-members.

FIELD WALK - SEPTEMBER 6

Many classes this past summer have been held in the Barney's Joy area of South Dartmouth, and during these sessions many spectacular and rare birds have been sighted. The protected area provides a perfect habitat for different species of New England birds, including marsh birds such as egrets, ibises, and herons, shore birds like sanderlings, yellowlegs, and plovers, and an assortment of sea birds such as the cormorant, and dune inhabitors like tree swallows.

For our first field walk in September, the Museum has decided to go bird watching at Barney's Joy, and our guide will be Phyllis Reagan of the Paskamansett Bird Club. All those interested should arrive at the Museum Outdoors barn with binoculars well before 10:00 a.m. and we will set off for Barney's Joy Beach. Our van will leave the

Festival at Ashumet

The Massachusetts Audubon Society's Ashumet Holly Reservation in East Falmouth will hold a fall Franklinia Festival on September 20 from 10 a.m. to 3 p.m. Activities will include a Farmer's Market, craft exhibits, and a special presentation by the Cape Cod Ballet Company. A guided walk to view the Franklinia trees in bloom will begin at 10 a.m.

The event focuses on the Franklinia tree which was named in honor of Ben Franklin. This rare tree, which is one of the few which flower in autumn, was discovered in 1760 near the Altamaha River in Georgia. It has never grown wild in any other location. Trees in all other locations have resulted from cuttings and seeds collected at that spot. A limited number of trees will be available the day of the festival.

The Franklinia Festival is sponsored by the Friends of Ashumet. Admission will be charged and proceeds will be used to maintain the sanctuary. Rain date is September 21. Ashumet Holly Reservation is located at Route 151 and Currier Road in East Falmouth. Details may be obtained by calling Ashumet at 563-6390.

Eisteddfod

1980 EISTEDDFOD FESTIVAL AT SMU

What's three days long, tells stories, makes music.... and sounds funny?

It's Eisteddfod (ess-TED-fod), a three-day fall festival which annually draws musicians, dancers, artisans, and storytellers to the campus of Southeastern Massachusetts University.

Eisteddfod is an old Welsh-Gaelic word meaning the coming together of bards and minstrels. From Friday, September 26, through Sunday, September 28, SMU will continue that tradition by hosting an informal, friendly gathering of more than 100 performers, whose specialties range from "Down Home" bluegrass music to "Down East" humor to British sea chanties.

The festival, founded in 1971 by SMU Associate Professor of Design Howard Glasser, has earned local popularity and a growing national reputation as a unique showcase for some of the world's best folk talent.

This year, Eisteddfod's evening concerts will take place on Friday, Saturday, and Sunday at 8:00 p.m. in the SMU Main Auditorium. Performers will include "Talking Drums", a 16-member African music and dance troupe; Ray Fisher, a Scottish folksinger; Louis Killen, an English concertina-player; The Schwartz Family, Appalachian musicians; Marshall Dodge, Maine storyteller and humorist of "Bert and I" fame; and many others.

Workshops, which are open to the public free of charge, will run continuously during the three days. They will begin at 1:00 p.m. on Friday and 10:00 a.m. on Saturday and Sunday, ending at 6:00 p.m. each day. Workshops will be offered in instrument playing, Morris dancing, ballad and chantey singing, black poetry, and numerous other areas. Free outdoor country dancing will be held at 5:00 p.m. on all three days.

Eisteddfod will also feature a special children's concert, to be held on Saturday,

demanded. "No one!" "No one? But I saw a man in the water just close to our lee quarter not five minutes before you came aft." "Well it was none of our boys, you couldn't have seen a man, it was your imagination, we've lost no man, go below and get something on your head, or the wind will blow your hair off", as he laughingly concluded these ejaculatives, I put my hand to my head, my handkerchief was gone, whence it went, or how, I know not, but most certainly it was there when I took the wheel. Standing half hesitating, half amazed, wondering if it was that that I had thought to be a human face, and what fantastic form it could have taken to make such a reflection on my excited imagination as at the time to make me believe I had really seen a man's head and hands in the water, I could not imagine.

Turning to follow the Captain's suggestion, I went to the cabin for another cover to my head; it was too cold and cheerless to stay long there and on returning to the deck, the sailor had assumed his place at the wheel, the Captain stood leaning against the weather rail peering into the gathering shades of the evening. PLYMOUTH COUNTY WILDLANDS TRUST RECEIVES GIFT

Plymouth County's only conservation land trust, county-wise, received its third gift of land this year of 1980. Dr. William Lukens Elkins of Bourne's Point, Wareham, donated 16 acres of woodland, including about 3 acres of saltmarsh at the head of Mink Cove at Bourne's Hill, Wareham. Cape Cod Holly, Ilex Glabra, Inkberry and Ilex Verticillata trees pepper the recent gift. Dr. Elkins is a well-known physician in Villa Nova, Pennsylvania, but summers at Bourne's Point in Wareham.

The new President of the PCWT is Reed F. Stewart of Marshfield, a teacher of geography and anthropology at Bridgewater State College. He is past president of the North and South Rivers Watershed Association and a long-time member of the Marshfield Zoning Board of Appeals.

"As president I hope I can assist individuals and communities of Plymouth County in various ways to preserve the plant and animal life as well as maintain and improve the natural values of our county", stated Mr. Stewart as he accepted his new

office. Kathleen S. Anderson, executive director of the Manomet Bird Observatory, relinquished her office of Presidency after 7 years of serving the PCWT and aiding in the acquisition of approximately 325 acres of land for preservation in our county.

New chairman of the Board of Directors is LeBaron R. Briggs of Plymouth. He is past chairman of the Neponset Valley Trust at Walpole, a Harvard graduate, member of the Manomet Bird Observatory, Massachusetts Audubon Society, Nature Conservancy and other conservation organizations. Mr. Briggs too pledged his aim to be that of preserving our natural resources in Plymouth County. He fills the slot given up by Leona Asker of Manomet, an original organizer of the PCWT back in 1972.

Land Acquisition Chairman William S. Abbott, a Boston attorney, has agreed to continue in his position, being responsible for steering the numerous land gifts of about 325 acres to the PCWT during his years in office.

The Plymouth County Wildlands Trust operates to aid land owners in advice on how to donate lands they wish preserved in natural conditions to conservation organizations; or how to arrange a conservation restriction for preservation and still retain ownership. For such information please contact Mr. Abbott at 523-5520 or write Plymouth County Wildlands Trust, State Road, RFD 8, Plymouth, MA.

NOTICE FOR MATTAPOISETT RESIDENTS WHO READ THEIR OWN WATER METERS

Postcard forms have been mailed to you on which to record your current water meter reading. Please fill out and mail them to us as soon as possible in order that proper water bills may be prepared. If we do not receive the readings by September 24, 1980, we must estimate the usage. Your cooperation is appreciated very much as it helps to hold down costs and defer rate increases.

MATTAPOISETT SEWER RATES: Users are reminded that the sewer rates were adjusted during February, 1980 to 190% of the water use charges, to be reflected in the October 1, 1980 bill. This was necessary because Mattapoisett's share of the expense of the Fairhaven collection station and treatment plant is to be higher than the original estimate.

SPECIAL NOTICE FOR USERS AND PROSPECTIVE USERS OF THE MATTAPOISETT SANITARY SEWER SYSTEM

The following order was adopted by the Board of Sewer Commissioners on August 26, 1980:

"The owners of all buildings containing town water and sanitary facilities and for which town sanitary sewer service was available as of October 1, 1980, will be charged for such service effective October 1, 1980, although said service may be connected after October 1, 1980."

EXPO 350

A citywide sculpture exhibition is being held in celebration of Boston's 350th anniversary, sponsored by H.O.M.E. Inc.

Amongst the sixteen Boston sculptors exhibiting at Prudential Center and Lewis Wharf in downtown Boston is Peter Lipsitt of Brookline, Mass., who uses steel to represent growth and change from small details in free form to large structural elements, which surge through space. This sculptor's work relates strongly to small landscaped areas.

This exhibit will be on to September 30.

Peter Lipsitt is the son of Mrs. Anna Lipsitt of Marion, and the late Attorney Joseph Lipsitt.
